

MINUTES

OHIO ROUNDUP STEERING COMMITTEE

JUNE 25, 1995

Dennis S. opened the meeting at 11:00 a.m. with the Serenity Prayer.

OLD BUSINESS:

Dennis urged the delegates to get more involved in attendance and commitment while serving on the steering committees. A number of the cities should be nominating new delegates from their city as the present delegate two year term is completed at the next roundup. The Secretary and Treasurer will also be completing their respective positions at that time.

The Chair also reminded the committee that AlAnon can not be co-listed in any of the circulars concerning the Roundup. See AA by-laws.

Vaughn B. gave the report concerning the up-coming Roundup in Dayton. The banner and tee shirt were displayed. Vaughn also stated his concern about the need for people to remember those who need scholarship to attend. Although there is no mention on the registration form, remind people in your area that there is a need to help those in need. For security purposes, Dayton will try to have a large enough hospitality room to display all the archive artifacts.

NEW BUSINESS:

Howard W. presented the treasurers report. Dean R. moved it be accepted and the report was accepted unanimously.

Akron will present a proposal for the 1996 Roundup at a Saturday afternoon meeting during the Roundup in Dayton. The date for that Roundup may have to be earlier in August than the usual last weekend.

Dean R. was asked to take a new position on the Steering Committee as Archivist. He accepted.

The meeting was closed with The Lord's Prayer.

Respectfully submitted, Dean C. Reeder
